

# JETAA Music City

# 9<sup>th</sup> Annual JETAA Fall Potluck (formerly 'Imonikai')

## Description

- This is our annual Relationship Building Event for the Nashville community.
- This potluck meal and celebration of Japanese food and culture has become one of our chapter's major events for the public.

## Details

- The event is held in Nashville's Centennial Park, home of the only remaining 'intact' Parthenon.
- It is a collaborative event with the Japanese Consulate and engages Japanese nationals in our area, Tennesseans interested in Japan, and current JETAA chapter members.
- The event also recruits former JETs as new members into the Chapter and builds partnerships with local Japanese families, companies and groups.

## Tips

- Plan ahead as the park is a popular location for activities every weekend of the year
- Prepare curry rice as the staple dish and encourage attendees to bring a favorite Japanese dish.
- Partner with other groups, such as the Japan America Society of Tennessee, to increase attendance and build visibility for the event.

# JETAA Urban Bourbon Networking
