

# JETAA Alaska New Year Network Meeting (Shinnenkai)

## Description

- We invited JET Alumni in Alaska and other chapters to celebrate the New Year online.
- This is the one event we have committed to putting on every year.
- Our goals were to gather with other JETAA in Alaska (and other chapters) to discuss what our chapter goals are.

## Details

- Due to the pandemic, we decided the best way to have this event this year was virtually over Zoom.
- We set a limit on how much everyone could spend on their own dinner and set up a process for reimbursement.
- We invited all Alaskan JET Alumni as well as JET Alumni from other chapters via e-mail and Facebook.
- We had a great turnout for our only official event of the 2020-2021 fiscal year.

## Tips

- Invite guests to the event early so that they can plan accordingly.
- Multiple invitation reminders can help people commit to the event.
- Remind everyone that they need to keep and submit their original receipt in order to get reimbursed for their meal.
- Make sure to set up a way to send money electronically for a smooth reimbursement process.
- Having this event online allowed for members in different parts of the state to attend as well as members from outside of Alaska.
